MISSION & OVERVIEW

The goal of the Alabama Securities Commission (ASC) is to protect Alabama citizens from deceptive and illegal practices associated with offers, sales and purchases of securities in Alabama. In order to meet this goal, the ASC carries out three important functions: registration, enforcement and education, and strives to continually refine and strengthen its role as a staunch advocate for Alabama's "main street" investors.

The ASC's efforts to help shape investor protection legislation at both the state and national levels help sustain investor confidence by promoting efficient regulatory policy, controlling fraudulent practices through stringent enforcement and promoting financial literacy, investor education and fraud prevention awareness to all Alabama citizens.

MISSION

**The mission of the
Alabama Securities
Commission (ASC)
is to protect
investors from
securities fraud and
preserve legitimate
capital markets in
Alabama.**

The ASC administers and enforces the Alabama Securities Act, Sale of Checks Act, and Pre-Issuance Procedures for Industrial Revenues Bonds. These laws empower the ASC to exercise jurisdiction over securities offered, issued and sold in Alabama or to Alabama residents, including the registration of certain securities, the granting of specific exemptions from registration of securities and securities transactions and the denial, suspension and revocation of registration or licensing. The ASC helps foster legitimate capital opportunities for businesses and industries throughout Alabama in the following ways:

- By requiring the registration of securities prior to their public sale;
- By requiring the registration of dealers, agents, investment advisors and investment advisor representatives and by regulating their activities;
- By providing civil remedies for violations of the Act; and
- By providing administrative, civil and criminal penalties for those who participate in the unlawful sale of securities.

The Alabama Securities Commission is committed to providing the strongest possible investor protection and will continue to apply all its resources and expertise to ensure fair and transparent markets for Alabama investors and to continue to aggressively enforce applicable laws.

ASC STATUTORY AUTHORITY

The Commission is responsible for administering and enforcing the laws of State of Alabama relative to:

Sec. 8-6-1, *et seq.* - Securities Act No. 740
(1969 Regular Session) and as amended

Sec. 8-6-110, *et seq.* - Industrial Revenue Bonds Act
No. 586 (1978 Regular Session)

Sec. 8-7-1, *et seq.* - Sale of Checks Act No. 177
(1961 Special Session)

The Commission's authority extends to **any activity involving the issuance, offering, sale, and other related transactions involving securities made within, into, or from the State of Alabama.**

The purpose of the Securities Act is to protect investors from fraud and to preserve legitimate capital markets. The accomplishment of these objectives is legislatively provided for in five different ways by:

Requiring the registration or the specific exemption from registration of securities prior to their public or private offer of sale;

Requiring the licensing of Broker/Dealers and salesmen and regulation of their activities;

Requiring the licensing of Investment Advisers and Investment Adviser Representatives and regulation of their activities;

Providing civil remedies to purchasers of securities sold in violation of the Acts; and

Providing administrative, civil, and criminal penalties for those who participate in the unlawful sale of securities.

Through its legislative mandate, the Commission and its staff assist Alabama businesses during capital formation and protects Alabama issuers, businesses, and residents from fraudulent securities transactions. The Commission does not recommend or endorse broker/dealer firms, salesmen, investment adviser firms, representatives, or the purchase of any securities, nor does it pass upon the accuracy or completeness of any prospectus, private placement memorandum or sales literature.

ASC PURPOSE

The Alabama Securities Commission (the “Commission”) administers and enforces the following Alabama statutes: THE ALABAMA SECURITIES ACT, including the Sale of Checks Act and the Pre-Issuance Procedures for Industrial Revenue Bonds. The Commission is comprised of seven Commissioners, consisting of the Attorney General, the Superintendent of Banks, the Commissioner of Insurance, two attorneys and two Certified Public Accountants.

The Commission is functionally divided into the following seven divisions: (1) Directorate; (2) Legal; (3) Accounting/Personnel; (4) Data Systems; (5) Education and Public Affairs; (6) Enforcement; (7) Registration/Examinations.

The function of the Commission and its staff is to regulate the sale of securities and the securities industry in Alabama. The Commission’s jurisdiction encompasses all securities offered, issued or sold within or into, Alabama or to Alabama residents. The Securities Act requires the registration of all securities offered for sale in Alabama unless there is an applicable exemption. The Securities Act provides a series of exemptions to cover situations where, because of the nature of the security or the characteristics of the transaction, registration is not deemed to be necessary in the public interest or for the protection of investors.

With regard to the responsibility for regulating the securities industry in Alabama, the Commission maintains as its primary objective the encouragement of investor protection and confidence in the investment industry. In this respect, all persons who propose to act as broker-dealers, agents (registered representatives), investment advisers or associated persons (investment adviser representatives) must be licensed by the Commission prior to engaging in such activities.

The Sale of Checks Act requires the filing of an application and issuance of a license before engaging in the business of selling, issuing or dispensing checks or receiving money as an agent for obligors for the purpose of paying obligor’s bills, invoices or accounts (money transmitters), including debt management and credit consolidation programs.

The Commission’s functions also include pre-clearance of industrial revenue bonds, the investigations of alleged violations of the provisions of the above-referenced statutes together with the initiation of administrative, civil and criminal proceedings and case referrals to other agencies where appropriate.

The primary purpose of the regulatory responsibilities and objectives described above is to protect the public from fraudulent practices in connection with the offer, sale, and purchase of securities in Alabama while encouraging, at the same time, the financing of legitimate business and industry in the state.

ASC COMMISSION

The Alabama Securities Commission members are the Attorney General, the State Superintendent of Banks, the State Insurance Commissioner (by virtue of their offices). Also, two attorneys and two certified public accountants are appointed by the Governor from lists of nominees submitted by the Alabama Bar Association and the Alabama Society of Certified Public Accountants and confirmed by the Senate. The Commission maintains oversight, provides policy guidance and establishes rules for the performance of its functions and the accomplishment of its purpose. The members of the Commission during Fiscal Year 2011 were:

The Commission does not recommend or endorse broker-dealer firms, salesmen, investment adviser firms, representatives or the purchase of any securities; nor does it pass upon the accuracy or completeness of any prospectus, private placement memorandum or sales literature. The Commission does, however, bring administrative, civil, and criminal actions including receiverships, the issuance of warrants, preparation of indictments, and conducts trials when necessary. Extensive examinations and investigations are conducted by Commission personnel, including multi-jurisdictional investigations and joint cases with Federal, state and local law enforcement or regulatory agencies.

FUND 374: Sale of Checks Fund. The Sale of Checks Act requires the filing of an application and issuance of a license before engaging in the business of selling, issuing, or dispensing checks or receiving money as an agent for obligors for the purpose of paying obligors bills, invoices or accounts. These objectives are accomplished legislatively by: (1) requiring the registration or the specific exemption from registration of securities prior to their public or private offer of sale; (2) requiring the licensing of dealers, agents, investment advisers and investment adviser representatives and regulating their activities; (3) requiring Reg. D filing notices under the Securities Acts of 1933; (4) requiring the filing of mutual funds and certain other specialized securities offerings through exemption; and, (5) providing civil remedies for violations of the Act and providing administrative, civil and criminal penalties for those who violate the Act.

FUND 376: Industrial Revenue Bond Notification Fund. The Alabama Securities Commission acts as a pre-clearance check on certain industrial revenue bonds as provided for under Section 8-6-110, *et seq.*, Industrial Revenue Bonds Act No. 586. Director's Commentary

ASC Protecting Alabamians and Providing Revenue to the State Through Education, Registration and Enforcement

Central to the Alabama Securities Commission's mission is its goal of protecting Alabama citizens in all walks of life from deceptive and illegal practices associated with offers, sales and purchases of securities and securities-related services in Alabama. To achieve our mission of protecting investors from securities fraud and preserving legitimate capital markets in Alabama, the ASC performs three critical functions: education, registration and enforcement. These functions, carried out with the discipline and professionalism of our dedicated staff, continually reinforces our role as a steadfast advocate for Alabama's citizens and "main street" investors.

Joseph P. Borg, Director

In FY 2011 ASC returned **\$9,824,611** to the General Fund. This fiscal year, the demand for services increased with a slow recovery from the economic downturn that impacted capital markets. ASC maintains a high level of efficiency by applying proven management techniques, efficient performance of duties, effective use of available technologies and adherence to stringent budget guidelines.

The ASC is sensitive to the financial concerns and long-term financial security of Alabama citizens and must act quickly and decisively when misleading or illegal practices undermine their confidence in our financial markets. When Alabama securities laws are believed to have been broken, the ASC's Enforcement Division takes the lead in conducting complex investigations in response to complaints or evidence of alleged securities fraud. Twelve highly-trained and experienced veteran investigators (Special Agents), use their more than 300 years of combined law enforcement experience to collect and analyze large quantities of complex information ranging from paper records to sophisticated electronic data. Special Agents closely examine investor complaints concerning suspicious, deceptive, unsuitable and/or illegal investment offerings from within, into or from Alabama, as well as the sale of fraudulent and unregistered investment products. Special Agents coordinate their investigations with the Commission's Legal Division, and with local, state and federal authorities, to thoroughly examine complaints, analyze financial transactions and help bring legal action against any person or business entity suspected of being in violation of the Alabama Securities Act and federal laws.

During the past five years, Enforcement Division personnel have secured, on average, more than 20 criminal indictments annually for securities fraud. In FY 2011 the Division's painstaking work resulted in more than **\$6,435,602** in victim restitution from prosecuted cases; 26 arrests; 15 convictions; and helped secure 170 years of incarceration for defendants found in violation of the Alabama Securities Act.

In 2011, the ASC relied on the investigative efforts of the Enforcement Division to help secure some of the largest securities-related financial settlements in the state's history. Working tirelessly with a multi-state task force of securities regulators in the southeastern U.S. region, the U.S. Securities and Exchange Commission and the Financial Industry Regulatory Authority, the division investigated complaints related to seven large proprietary mutual funds administered by Morgan Keegan and Company and Morgan Asset Management.

(Continued from page 19)

The companies were ordered to pay **\$200 million** to establish independently administered funds for the benefit of investors who had lost money, including approximately 5,800 Alabama investors. After recovery of all expenses, the State received an additional \$1.7 million in costs, fines or penalties.

The Alabama Securities Act requires the registration of securities with the ASC prior to their public offering and sale; and, requires the registration, or specific exemption from registration, of broker-dealer firms, their agents, investment adviser firms and their representatives and money transmitters. The ASC's Registration Division is charged with the initial and ongoing registration process for individuals and firms who market and sell securities and financial services to Alabama citizens. Any person or company that offers and/or sells securities within, into or from Alabama must be registered with the ASC in order to conduct business legally. Any citizen can contact the ASC Registration Division to inquire if a particular security and/or the person or company offering it for sale is registered to conduct securities business in Alabama. Citizens can also receive a free background check on any person who offers a security for sale. This promotes continued professionalism in the securities industry in Alabama for those offering and selling various financial products and services to Alabama citizens. In FY 2011, the total number of registrations, licenses and exemptions issued by the Registration Division was 142,330. This Division is also responsible for the processing of fees associated with applications and renewals, which allows the ASC to remain self-funding.

An additional responsibility for the Registration Division is conducting onsite auditing and examinations of all state-regulated investment advisers domiciled in Alabama on a three-year cycle, while continuing to audit broker-dealers and their branch offices on a for-cause basis. The audit program, coordinated through the Auditing and Examinations Department, identifies serious securities violations as well as potential weaknesses in sales practices and statutory compliance. This aids in helping to strengthen companies' compliance programs to better serve and protect Alabama investors. The Department also conducts pre-licensure audits and joint audits, on a limited basis with other states for complex audits, and to aid in possible enforcement investigations. In FY2011, the Auditing and Examinations Department conducted 43 full audits.

We believe that investor education and fraud prevention training can help shield our citizens from being victimized by financial crimes. The ASC's Education and Public Affairs Division is very proactive in support of the agency's objective to inform and educate Alabamians of all ages and economic backgrounds on the many aspects of saving and investing and about making informed and prudent financial decisions. Our ongoing Investor Education and Fraud Prevention Outreach Program is structured to offer the most timely and relevant financial education information available to Alabama's youth (K-12 and college students), working adults and retired seniors. The Education and Public Affairs Division provides these groups free financial education seminars and printed material to help them acquire the knowledge and skills necessary to make sustainable personal financial decisions, how to save and invest wisely in order to build their personal financial assets, and how to recognize and avoid financial predatory tactics that could compromise or destroy their retirement nest eggs. Combining educational resources with such diverse groups and agencies as the Washington, D.C.-based Investor Protection Trust, Alabama Department of Senior Services, Alabama Cooperative Extension System, Alabama Department of Education, Alabama Jump\$tart Coalition, AARP Alabama and many others, the Division can consistently develop, refine and implement stimulating, timely investor education programs. The Division conducts an averages of 70 events annually for Alabama citizens, as well as to social, civic and professional groups throughout our state. During FY 2011, this Division conducted 79 events that provided direct outreach and instruction to 5,505 citizens ranging in age from high schools students to senior retirees. During FY2011, this Division helped acquire over **\$200,000** in grant money received from the Investor Protection Trust and the Financial Industry Regulatory Authority that was spent in Alabama to advertise, for media information programs, and cover a portion of expenses to conduct investor education and fraud prevention events in Alabama.

ASC's Division Functions and Accomplishments

Enforcement Division. The ASC's Enforcement Division is responsible for conducting complex investigations in response to complaints or evidence of alleged securities fraud. A highly-trained and experienced staff of 12 veteran investigators (Special Agents), with more than 300 years of combined law enforcement experience, collect and analyze large and often complicated quantities of information ranging from paper records to sophisticated electronic data. ASC's Special Agents are required to address investor complaints related to suspicious, unsuitable and/or illegal investment offerings, as well as the sale of fraudulent and unregistered investment products. Special Agents coordinate their investigative activities with the Commission's Legal Division, and with local, state and federal authorities, to thoroughly examine complaints, analyze financial transactions and help bring legal action against any person or business entity that violates the Alabama Securities Act. During the past five years, Enforcement Division personnel have secured, on average, more than 20 criminal indictments per year for securities fraud. Due to the division's painstaking work on behalf of Alabama's investors, the courts have ordered more than \$6,435,602 in victim restitution in prosecuted cases. During the past fiscal year, enforcement actions led to 26 arrests, 15 convictions and helped secure 170 years' incarceration for violators of the Alabama Securities Act.

Licensing and Registration Division. The ASC's licensing and Registration Division is responsible for the initial and ongoing registration and statutory compliance of broker-dealer firms and their agents, investment adviser firms and their representatives, issuer agents, securities registrations and exemptions from registration and the licensing of money transmitters. This division is also responsible for the processing of fees associated with applications and renewals, which allows the agency to remain self-funding. The total number of registrations, licenses and exemptions issued in Fiscal Year 2011 was 142,330.

Auditing and Examination Division. This division is responsible for conducting a full schedule of onsite routine and for-cause examinations. Division auditors examine each of the state-regulated investment advisers domiciled in Alabama on three-year cycle, while continuing to audit broker-dealers and their branch offices on a for-cause basis. The audit program identifies serious securities violations as well as potential weaknesses in sales practices in order to help strengthen these businesses' compliance programs and to protect Alabama investors. The division also conducts limited joint audits with other states for complex audits and enforcement investigations. In Fiscal Year 2011, the Auditing and Examination Division conducted 43 audits, with three of these being for-cause examinations driven by investigations, customer complaints or licensing issues.

Education and Public Affairs Division. Provides state and national media information about the agency's services, enforcement actions, fraud prevention alerts and other activities to combat financial crimes targeting Alabama citizens. The division is active in educating citizens of all ages and economic backgrounds about the many facets of personal finance, investing and how to protect oneself from financial fraud. The division researches, develops and implements investor education and fraud prevention outreach programs that offer Alabamians, from high school students and working adults to senior investors, ages 50 and older, the most relative and timely information available to help them make informed financial decisions. The information

provided to these groups encourages prudent use of monetary resources, avoiding victimization by fraud and achieving the fiscal knowledge required to safeguard personal financial assets in order to help citizens build a comfortable and stable retirement. Continued collaboration with the Alabama Department of Education, the Alabama Jump\$tart Coalition, the Investor Protection Trust, the Alabama Department of Senior Services, the Alabama Cooperative Extension System, and the Alabama Council on Economic Education, among others, led to a successful education outreach program providing 79 education and fraud prevention events to over 5,505 Alabama citizens during this fiscal year.

Legal Division. The ASC Legal Division is comprised of six highly-skilled and dedicated attorneys who are ably assisted by two full-time paralegals. The Legal Division possesses almost 100 years' combined legal and prosecutorial experience and is responsible for investigating and prosecuting fraudulent and illegal actions by individuals and companies in the offering and sale of securities within, into or from the State of Alabama; or, any related activities in violation of the Alabama Securities Act and associated statutes. The ASC Legal Division supervises the prosecution of administrative, civil and criminal actions brought by the Commission and renders legal opinions and no-action letters related to issues of law pursuant to the Alabama Securities Act. The division also acts as in-house legal counsel for all legal issues concerning the daily operations of the Commission staff, including investigations and personnel issues, and acts as liaison with other government agencies when legal matters of common interest arise. The legal staff works closely with district attorneys throughout Alabama to assist in the investigation and prosecution of white-collar crime and has an excellent prosecution record. ASC attorneys consult with other states on legal issues with overlapping jurisdictions and aids federal prosecutors, the U.S. Securities and Exchange Commission, the Financial Industry Regulatory Authority and others to assure that Alabama's main street investors are afforded maximum protection from investment fraud.

Accounting and Personnel Division. The ASC's Accounting and Personnel Division is charged with effecting the continued smooth operation of the agency's fiscal and employee-related requirements. The division provides for the overall sound financial operation of the agency, including preparation of the annual budget and operations plan, supervising the gathering and maintenance of all financial records and reports, assuring propriety of agency expenditures and budgetary controls, maintenance of personnel and payroll records and being accountable for all physical inventory. The division cooperates with the Examiners of Public Accounts to ensure the Commission is in strict fiscal compliance with the Code of Alabama. Historically, the division has received a perfect "Property Inventory" audit and constantly strives to make certain that the Commission's property and monetary resources are used and maintained for greatest benefit of Alabama citizens.

Information Technology (IT) Division. This division plays a crucial role in the efficient provision and management of the Commission's electronic data requirements. Division personnel work diligently to provide streamlined, results-driven methods for the secure utilization and storage of sensitive information and the maintenance of the agency's computer hardware and software systems.

Investor Education and Fraud Prevention Outreach for Senior Alabamians

During FY 2011, ASC's Education and Public Affairs Division experienced another active year, continuing to forge a robust and informative Investor Education and Fraud Prevention Outreach program. With a nationwide surge in financial fraud targeting our most vulnerable citizens—those aged 50 and older who are most dependent on their retirement savings—the Investor Education and Fraud Prevention Outreach program serves Alabama's main street investors by helping to expose deceptive and illegal practices, by promoting financial literacy and by the development of the discipline necessary to recognize and thwart tactics used by con artists to victimize our citizens. The Education and Public Affairs Division helps set the bar high for the development and delivery of practicable, insightful information that serves as a first line of defense against financial crimes that can devastate senior Alabamians' long-term financial independence. The following paragraphs illustrate the division's continued close collaboration with senior advocacy groups, law enforcement and others to promote investor education and fraud prevention during the past fiscal year.

ASC's Education and Public Affairs Division partnerships to reach working adults and seniors

Alabama Department of Senior Services (ADSS). The ASC collaborated with the ADSS' statewide network of Area Agencies on Aging to reach hundreds of seniors and provide timely, relevant presentations and printed material designed to help them recognize the problems associated with financial fraud and how to safeguard themselves and their families from fraudulent practices.

ACES Estate Planning Seminars. ASC teamed with the Alabama Cooperative Extension System (ACES) to continue hosting Estate Planning Seminars for Alabama citizens who are nearing retirement or are previously retired. Seminars included speakers from the Education and Public Affairs Division who shared valuable information about unsuitable investment "opportunities," how investment fraud begins, factors involved in making informed financial decisions, and the warning signs of scams, among others.

2011 Senior Expo. For the seventh consecutive year, ASC was invited and participated in the 2011 Senior Expo at the Von Braun Civic Center in Huntsville. This popular, highly anticipated event hosts several thousand seniors from across north Alabama to observe and inquire into the numerous products, services and information resources tailored to them from dozens of professional service providers. ASC Education and Public Affairs Division personnel were on-site to greet and answer individuals' questions and to distribute important personal finance, investor education and fraud prevention materials to hundreds of seniors throughout the day-long event.

Jackson County Senior Expo. The Jackson County Senior Expo, held at Goose Pond Colony in Scottsboro, is a popular free annual event for seniors in northeastern Alabama. For the fourth consecutive year ASC, together with other organizations, participated and offered important financial information about available resources to more than 800 seniors from Jackson, Madison, DeKalb and Marshall Counties.

Alabama Retired State Employees Association (ARSEA). Continuing a successful partnership, ASC staff attended and spoke at several ARSEA chapter meetings during FY 2010-11. Boasting a membership of more than 25,000 retired former state government employees, ARSEA members typically have significant savings, pensions and investments but may face major unexpected financial decisions that could imperil their personal financial assets and continued financial independence.

Senior Medicare Patrol (SMP) Fraud Summit. Partnering with local Area Agencies on Aging, Better Business Bureaus, the Social Security Administration, U.S. Postal Inspection Service and local law enforcement agencies, ASC again reached out to senior Alabamians, their families and caregivers to present “What Seniors Should Know in Order to Make Informed Investment Decisions,” and to provide free printed information and tips for recognizing and avoiding financial victimization.

World Elder Abuse Awareness Symposium. ASC collaborated with ADSS and the Alabama Civil Justice Foundation for the 3rd Annual World Elder Abuse Awareness Symposium at Embassy Suites in Montgomery. The symposium was designed to call attention to the critical needs of the state’s senior population including seniors’ specialized legal, financial, social, healthcare and medical needs.

Caregiver and Elder Abuse Symposiums. ASC staff joined eldercare specialists from South Central Alabama Development Commission’s Area Agency on Aging to help train nursing, home health, social services, legal aid and other senior care providers about identifying and addressing financial stressors affecting their at-risk clients. Information presented at the symposiums aided caregivers in discovering the signs that their clients could be exposed to financial exploitation from numerous sources.

Elder Investment Fraud and Financial Exploitation (EIFFE) Campaign. ASC, through its affiliation with the North American Securities Administrators Association (NASAA), worked side by side with the Washington, D.C.-based Investor Protection Trust (IPT), the National Adult Protective Services Association, the American Academy of Family Physicians and other senior health advocacy organizations to help promote this important campaign. Planned to coincide with the annual World Elder Abuse Awareness Day, the campaign seeks to teach medical professionals and adult protective service providers how to identify indicators that senior patients and clients, especially those who exhibit signs of mild cognitive impairment, may be victims of financial exploitation and abuse. The campaign’s goal is to improve communications between senior Americans, their adult children, medical providers and state securities regulators in order to recognize and defeat financial fraud targeting this special needs segment of our population.

You’re Never Too Smart to Get Conned-Learn to Protect Your Retirement Savings from Fraud. Sponsored jointly by ASC, AARP Alabama, the U.S. Securities and Exchange Commission (SEC) and the Financial Industry Regulatory Authority (FINRA), this free investor education forum was held in Huntsville and hosted more than 200 seniors from the north Alabama region. Attendees enjoyed a detailed and informative presentation featuring ASC Director Joseph Borg. The program was structured to show seniors who may be at risk for investment fraud and how to avoid the common persuasive tactics used by fraudsters. Attendees also learned the simple steps that every investor should take before making any financial decision, such as verifying the legitimacy of investment professionals and the products they sell, and what to do if they suspect investment fraud.

River Region Aging Expo & AARP University. ASC joined with AARP Alabama, Central Alabama Aging Consortium, Montgomery Area Council on Aging and the Alabama Department of Senior Services for “Living Your Best Life @ 50+,” River Region Aging Expo & AARP University at Frazer United Methodist Church in Montgomery. This day-long exhibition and conference promoted healthy, active aging for those aged 50 and older and was structured to explore various senior-specific health issues as well as maintaining a balance among several elements necessary for successful and stress-free retirement. ASC presented participants information about suitability issues related to investment products, fraud recognition and prevention and tips for making informed investment decisions.

Scam Jam Fraud Summit. Held annually in the Decatur area of north Alabama, the Scam Jam Fraud Summit had special significance this year. The event brought together seniors from across the region to learn the latest information on issues affecting their daily lives shortly after the deadly tornado outbreaks of April, 2011. This year’s Scam Jam focused on numerous scams that can be experienced when disasters of this magnitude take place. An ASC representative served on an expert panel with representatives from the North Alabama Better Business Bureau, Alabama Attorney General’s Office, U.S. Postal Inspection Service and local law enforcement to discuss and answer audience questions about what to expect in the aftermath of natural disaster and how to remain focused to guard against fraudulent activity.

Senior Rights Summit. ASC once again joined with South Central Alabama Development Commission-Area Agency on Aging to host a Senior Rights Summit in Luverne. The program was organized to attract seniors from the south-central Alabama region to learn about programs and services that affect them, including combating elder financial fraud and abuse, Social Security issues, Medicare/Medicaid concerns, hospice, home health and adult protective services.

ASC Military Outreach Program and Special Website Area

“Protect Alabama Troops” (PATs) was launched June 16, 2009 and is an information-based resource, accessible on ASC’s web page, www.asc.alabama.gov. The site consists of appropriate, practical news, tips and advice for Alabama’s active-duty, guard and reserve military, as well as retired military and veterans. The site is specifically designed to assist them and their family members to make informed investment decisions and avoid becoming victims of financial fraud before, during and after deployment and in the transition to retired military or civilian life.

Many of the employees on the ASC staff are members of the military Guard/Reserves, and have supported recent U.S. defense initiatives. Our Education and Public Affairs manager has over 25 years of active, guard, enlisted and commissioned service and has been involved in national financial education outreach as a non-profit partner with the Department of Defense, Financial Readiness Campaign. Director Borg says, “Inquiries from any military personnel, in any status, or from their dependents, will get our immediate attention to help provide information or to investigate complaints and concerns as necessary.”

During FY 2011 ASC staff provided tailored fraud prevention and investor education seminars to soldiers, dependents, civilian personnel (civil service and contracted) at the Redstone Arsenal and Maxwell Air Force Base. Top-notch personal finance and investor education materials published by Kiplinger’s Personal Finance, the Lightbulb Press, Inc. and ASC, were made available upon request to anyone affiliated with the military in Alabama.

ASC Contributions to Middle/High School Teachers and Students

Youth and Student Programs

The ASC's Education Office is an active member of the Alabama Jump\$tart Coalition; the Alabama Council on Economic Education; and partners with the Alabama Cooperative Extension System in addition to working with other business, government and nonprofit agencies to promote financial literacy programs geared toward public and private middle, high school, and college students. ASC offers two professionally developed financial literacy publications to state educators for classroom use. Basics of Savings and Investing is a teaching guide used in various business, math and social studies classes in grades 7-12. Additionally, high school economics teachers can obtain Personal Finance in the Economics Classroom to augment financial literacy instruction.

High School students and teachers from all over Alabama are welcome to visit the Commission at no cost other than to provide their own transportation and lunch. Typical field trips last about four hours and include over two hours of investor education and information about how ASC regulates the securities industry in Alabama. High School teachers may call 1-800-222-1253 and ask for the Education and Public Affairs Division to schedule a tailor-made field trip.

DURING FISCAL YEAR 2011 THE ALABAMA SECURITIES COMMISSON CONDUCTED 79 INVESTOR EDUCATION AND FRAUD PREVENTION OUTREACH SEMINARS TO 5,505 ALABAMIANS.

North American Securities Administrators Association

The Commission continues its membership with the North American Securities Administrators Association (NASAA). NASAA is the oldest international organization devoted to investor protection. NASAA is a voluntary association whose membership consists of 67 state, provincial, and territorial securities administrators in the 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Canada, and Mexico.

As a NASAA member, the Commission joins other securities administrators in the promotion of programs focusing on investor education, information sharing, and cooperative enforcement efforts; and, in promoting uniformity of state securities requirements and other actions necessary for effective state and federal securities regulation.

ASC's director is presently Chair of the International Committee for the North American Securities Administrators Association (NASAA) an international association of securities regulators. He served as NASAA President, from September 2001 thru September 2002 and again from September 2006 thru September 2007; only two other persons have served two terms as president in the 90 year history of NASAA. He served for thirteen years as a member of the Board of Directors and held previous positions with NASAA to include Chair of Enforcement, Treasurer, and Ombudsman.

ASC staff members have participated in committees and project groups comprised of regulatory counterparts from other states and countries to develop policy guidelines and consider issues of financial education, registration, licensing, litigation and enforcement.

NASAA programs are carried out through its various committees and project groups. During FY 2011, ASC staff served on, or participated with, the following: International, Uniform Securities Act, Investor Outreach, Investment Adviser Zones, Litigation Forum and Oil/Gas Joint Ventures.

The Commission intends to continue active participation on various NASAA committees, which, in coordination with the SEC, FINRA, NASDAQ and NYSE, industry representatives, the accounting and legal professions, and other related groups have promulgated national uniform standards and guidelines. The adoption of these uniform policies alleviate burdens on those sectors of the securities industry by eliminating duplicative examination and registration requirements, thus reducing the amount of time, money, effort, and paperwork required, and achieving less costly and more effective regulation of the industry. Such guidelines apply to the following types of securities activities and filings: licensing, registration, audits, oil and gas, real estate, real estate investment trusts, commodity pools, equipment leasing, health care facilities programs, offerings on the Internet, and others.

(July 5, 2011) Gene Thomas "Tommy" LeGrone, Jr., a Northport, Alabama resident, has been ordered to pay \$37, 915 in restitution to two Alabama victims as a result of his March 2010 conviction for securities fraud. Tuscaloosa County Circuit Court Judge John H. On Mar. 1, 2010, LeGrone pled guilty to one count each of Securities Fraud, specifically the Omission of Material Facts in Connection with the Offering and Sale of Securities; and, Theft of Property by Deception, 1st Degree. Upon acceptance of his plea, the Court sentenced LeGrone to 20 years imprisonment, split to serve three years. LeGrone had been in custody for other non securities-related violations at the time of his plea. An investigation into LeGrone's business activities resulted in an indictment being handed down by the March 2009 session of the Tuscaloosa County Grand Jury alleging that LeGrone, as owner and operator of Bama Remodeling and Repair, LLC, of Northport, illegally entered into an investment contract with the Alabama victims without being registered to offer and/or sell such investments by the ASC, as required by the Alabama Securities Act. Further, LeGrone allegedly suggested to the victims that their money would be invested by him for home renovation projects and a promissory note was issued to the victims in July 2006 with a promised return of "interest and profit." The ASC investigation revealed that LeGrone made untrue statements, omitting material facts to investors regarding the investment opportunity and used investors' money for unrelated expenses.

Federal and State Regulators Appoint Administrator to Return \$200 Million to Investors

(October 28, 2011) The U.S. Securities & Exchange Commission and regulators from Tennessee, Alabama, Kentucky, Mississippi, and South Carolina announced today the appointment of A.B. Data, Ltd. of Milwaukee to distribute \$200 million to investors from the regulators' settlements with Morgan Keegan. The settlements resulted from an investigation of seven proprietary bond funds sold by Morgan Keegan to more than 30,000 account holders. The firms were charged with sales violations and overvaluing the funds which lost approximately \$1.5 billion in value from March 31, 2007, to March 31, 2008. The SEC's and the five states' Administrative Orders required Morgan Keegan and Morgan Asset Management to pay a total of \$200 million to establish an SEC Fair Fund and a States' Fund, both for the benefit of investors. A.B. Data has previously administered several large settlement funds in securities litigation cases and for the SEC.

Alabama investors, together with investors nationwide, had their funds frozen since the collapse of the auction rate securities (ARS) market in 2008. Since the 2008 ARS market collapse, securities regulators nationwide including Alabama have secured settlements calling for financial firms that marketed ARS instruments to repurchase from investors more than \$61 billion in the securities. As part of the overall settlement, Raymond James agreed to repurchase approximately \$300 million in ARS products from their clients nationwide.

In Alabama, Beware the Borg

As Stock-Regulation Power Shifts to States, Joseph Borg Boasts Tough Record

By JEAN EAGLESHAM

MONTGOMERY, Ala.—Joseph Borg has never mounted his Kawasaki motorcycle in pursuit of a fraud figure. But Alabama's securities commissioner once sent investigators by armored personnel carrier to close down a Florida church.

The 59-year-old regulator's strategy for cracking down on financial crime is as straightforward as his recipe for making deep-fried Thanksgiving turkey in 42 minutes: Punish wrongdoers with hefty prison sentences and big financial firms with much bigger fines.

"You've got to have tougher sanctions for Wall Street," he says in a barely veiled jab at the Securities and Exchange Commission and Financial Industry Regulatory Authority. Fines of just "several million dollars when a firm has made \$100 million" leave the culprits "waving from their yachts on the Caribbean."

Steve Gates for The Wall Street Journal

REVVING IT UP: Regulators like Joseph Borg, in Alabama on Friday, will soon oversee investment advisers.

On the job for 16 years, Mr. Borg is a well-known tough guy among state securities regulators. He has a conviction rate of more than 95%, largely from cases involving mini-Madoff investment schemes, unregistered brokers and penny-stock firms. Because of death threats against him, armed guards are on duty at Mr. Borg's office in downtown Montgomery, a short stroll from the first White House of the Confederacy.

Mr. Borg's mettle is about to face a new challenge. Under the Dodd-Frank financial-overhaul law passed by Congress, state securities regulators throughout the U.S. will inherit responsibility this summer for oversight of thousands of investment advisers with assets of \$25 million to \$100 million. Such advisers will no longer be overseen by the SEC.

AMENDED ALABAMA SECURITIES COMMISSION MEETING October 5, 2010

The Alabama Securities Commission held a special meeting on October 5, 2010 at 2:00 p.m. which was conducted in the conference room located in the Alabama Securities Commission offices on the 2nd Floor of the Center for Commerce Building, 401 Adams Avenue, Montgomery, Alabama. Notice of the time and place of this meeting was published in the Montgomery Advertiser, Birmingham News/Post Herald, Huntsville Times, Mobile Register and the Secretary of State.

Commission Members Present:

Hon. Marcus Wolf, CPA, Chairman
Hon. Dan Hardman, CPA, Vice-Chairman
Hon. Dan Morris (Representing the Attorney General)
Hon. Jim Ridling (Commissioner of Insurance)
Hon. John Harrison (Banking Commissioner)
Hon. Dagnal Rowe, Attorney at Law (attended by telephone conference call)

Commission Members Absent:

Hon. Troy King, Attorney General
Hon. Andrew Campbell, Attorney at Law

Staff Members Present Were:

Joseph P. Borg, Director
J. Randall McNeill, Deputy Director
Ed Reed, General Counsel
Ricky Locklar, Senior Special Agent
Christie Rhodes, Executive Assistant

The meeting was called to order at 2:06 p.m. by Commission Chair, Marcus Wolf.

Motion to approve the minutes of the minutes of the previous meeting held September 21, 2010 was made by Mr. Hardman and seconded by Mr. Morris. The motion carried unanimously. Then, motion to approve the agenda of this meeting was made by Mr. Hardman and seconded by Mr. Ridling. The motion carried unanimously.

This meeting was called by Director Borg to discuss the inadvertent delivery of unredacted information concerning certain Morgan Keegan clients. Mr. Borg gave an overview of the release and then turned the discussion over to Senior Special Agent Ricky Locklar, who was assigned to conduct an in-house investigation into the circumstances of the release. The investigation revealed that a copy of a disc with non-redacted exhibits was mistakenly placed in the file in the secure room. A telephone request on 4/15/10 to the ASC front desk by a paralegal of law firm Lietman, Siegal, Payne & Campbell, [the law firm of Commissioner Andrew Campbell] for a disc copy of the public information posted on the ASC website was received by this office. In complying with this request, the unredacted version of the disc was inadvertently copied and sent. The law firm and this office was unaware that this disc was the one that contained unredacted information. In the course of standard document exchange in an arbitration case, Morgan Keegan's attorney, Maynard, Cooper & Gale was sent a copy of the disc by the Leitman firm.

Morgan Keegan discovered that Mr. Campbell's disc contained unredacted information. The ASC investigation revealed that there was no general public dissemination of the information. The ASC's only impropriety was to release the disc to the Leitman law firm (who remained unaware of the confidential documents thereon). A written report is being prepared by the ASC with regard to the findings of the in-house investigation and said report will be released to the Commissioners upon its completion. Further, the investigative report will also be sent to the Attorney General's office, the Alabama State Bar and the State Ethics Commission for their review. The report has also been given to the State Examiners of Public Accounts for their review and analysis, with a request for recommendations back to the Commission. This report will also be distributed to the public via the ASC web site and individual mailings to those who contacted the Commission. Consideration is being given to sending the report and explanatory documents to all parties named in the confidential Morgan Keegan documents.

At approximately 2:55 p.m., Mr. Rowe announced that he had another meeting at 3:00 p.m. which necessitated him disconnecting from this meeting. He did so.

The last meeting item was a motion to pay expenses for the Commissioners. Motion was made by Mr. Ridling and seconded by Mr. Morris. The motion carried unanimously. Motion to Adjourn was then made by Mr. Morris and seconded by Mr. Harrison and was unanimously carried. The meeting ended at 3:10 p.m.
